What is Fintech Spring Meetup?

It’s Where Business Gets Done! Fintech Spring Meetup is an online meetings event that connects the payments, banking and financial services community for new opportunities, potential partnerships, networking, professional development and other meaningful collaboration. Join to:

1. Meet and network with 1,000+ fintech industry professionals, including other clients and prospects of The Clearing House — and share ideas, learnings and best practices. All meetings are double opt-in, and 15-minutes long.

2. Participate in up to two 55-minute group conversations called Tabletalks--including on topics brought to you exclusively by The Clearing House. This is a great way to network, build connections and discuss relevant topics.

Have meetings. Create opportunities!

The Clearing House is delighted to offer this opportunity, and hope that you’ll join us.

To register, use the relevant link and code below:
